About This Software

Sharecare VR is a real-time simulation of the human body.

Sharecare VR allows anyone to freely navigate and explore an anatomically accurate 3D model of the human body, its organs, and their natural function. Visualize how your body works. Explore organs and systems in a fully immersive 3D environment.

Customize physiology and simulate diseases. Personalize the human body to represent YOU. The unprecedented power of Sharecare VR allows customization to display diseases in varying states of severity. By adding treatments, Sharecare VR helps visualize and understand medical options.

Sharecare VR is an ever growing capability that is all about your body and your health. Content is continuously added to expand and build upon your ability to personalize and learn about YOU. It really is all about YOU.
